**DON'T
FORGET!**

DON'T FORGET TO SCHEDULE YOUR ANNUAL PHYSICAL

Most of the time, people visit their doctor when they are sick or treatment. For some, this can be every few months but for others, it may be once every few years. An annual physical exam lets your doctor assess how you are doing health-wise regardless of whether you are feeling symptoms or not.

If you are on the City's health insurance, you can utilize the Racine Employee Health and Wellness Center. To schedule an appointment online, go [HERE](#) or you can call 262-687-5565.

*All dependents under your health insurance can utilize the Health and Wellness Center as well.

NEW YEAR; NEW GOALS!

It's a new year, and it's time to face the year with confidence and commitment! Think of things that you **WANT** to do rather than what you **SHOULD** do - this will help keep your interest in achieving your goals.

Here are 8 rules for successful New Year Resolutions:

1. Commit to your resolution - Questions to ask yourself:

- Is this resolution my idea or does someone else want me to do it?
- Does this resolution motivate me?
- Does this resolution align with other factors in my life, such as my values and long-term plans?

2. Be realistic - The key to achieving goals is motivation and consistency.

3. Write it down - It's the simple but so powerful. Grab a pen and notebook.

4. Make a plan - Start by figuring out where you want to be; then make a plan on how to get there.

5. Be flexible - Not everything will work precisely the way that you planned; and that is okay!

6. Use reminders - Make a to-do list; create check-in reminders on your phone.

7. Track progress - Note when you felt pleased, felt down/felt like quitting and make any additional notes as needed.

8. Reward yourself - Even the most dedicated person needs a boost - and so do you!

Remember, resolutions do not need to take all year to achieve

The Health Coach (Susie) at the Employee Health and Wellness Center can assist you with creating your new goals.

If you complete the [Goal Setting Worksheet](#) included in the [January Wellness Calendar](#) and submit the items in the Wellness Platform (WellRight) or to HR, you can receive 25 points towards becoming a Wellness Allstar!

DONT
FORGET

LATEST TREND - RED LIGHT THERAPY

TRENDING NOW!

What?

Red Light Therapy is a treatment that uses low wavelength red light to reportedly improve your skin's appearance, like:

- Reduce wrinkles;
- Reduce scar appearance;
- Reduce redness;
- Reduce acne

Reference photo below for other uses this type of therapy can help with

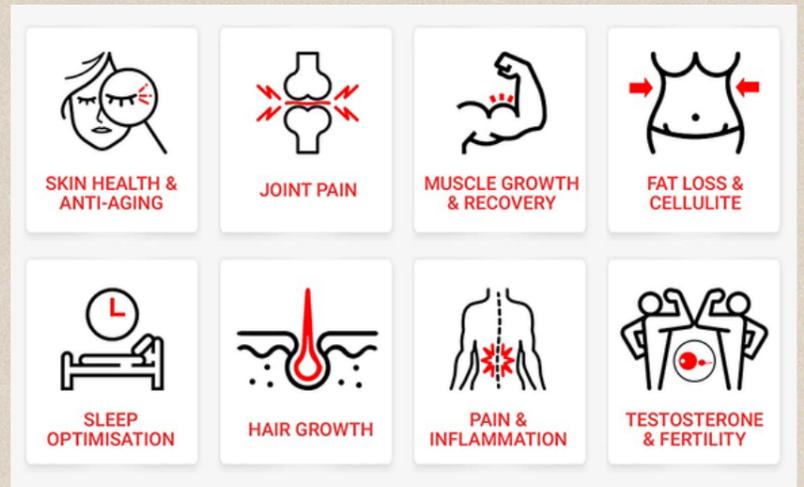

Is Red Light Therapy Effective?

Since this is a new trend outside of medical use, there are mixed reviews. However, most published studies show some potential for certain conditions to improve with use of red light therapy.

Is Red Light Therapy Safe?

Yes - there are no known side effects currently. Unlike cancer-causing ultraviolet (UV) light from the sun or tanning booths, red light therapy does not use this type of light.

*All information found on the Cleveland Clinic website.

MENTAL HEALTH CHECK-IN

- How are you feeling today?
- What's been worrying you lately?
- Am I providing my body with its basic needs?
- What am I doing to bring myself joy?

Don't be afraid to ask for help! There are people here to help you (and family members living in the same household as you)! To make an appointment with Aurora Employee Assistance Program (EAP) call 800-236-3231
